

September 4th, 2019

Dear Distributor Partner:

Inflationary pressures continue to impact our business both in the cost of materials and logistics. Due to these factors, Eaton's Crouse-Hinds Division is announcing a price increase that will be effective **November 4, 2019**.

The Commercial and Industrial products will increase on average 3.9%. Actual increases will vary by product type and lifecycle. Please note some products may change more or less than the general increase depending on material cost, volume or other factors; including the correction of errors.

Orders for immediate shipment placed before **November 4, 2019** will be billed at current prices. Crouse-Hinds retains the right to limit order quantities based upon historical ordering patterns.

IMPORTANT NOTES:

- Special Pricing Agreements (SPA's) and Into Stock Pricing (ITS) based upon Price Book in Effect (PIE) and utilizing product group and item discounts will reflect the new price levels effective **November 4, 2019**.
- Non-PIE SPA agreements (firm pricing) will be updated to reflect this increase upon expiration.
- All SPA agreements are being analyzed for opportunities to rationalize agreements based on low volume, profitability and redundant end-users.
- Projects quoted after **November 4, 2019** will reflect the new price levels; open quotations will be honored until the agreed upon expiration date.

In order to support price file synchronization between our organizations we will be freezing all changes to Special Pricing Agreements and Into Stock Pricing between September 23rd and November 4th 2019. We will continue to price new opportunities as normal during this time.

To assist you in notifying your customers and updating your systems, an electronic version of the Distributor (**D1119 / CP-D1119**) and Trade (**T1119**) price lists effective **November 4, 2019** will be available no later than October 5, 2019, from the Eaton's Crouse-Hinds Division site within My.Eaton.com (www.CooperC3.com). Updated pricing information will be communicated to Trade Services and the IDW by **October 5, 2019**. Revised SPAs will be sent no later than **October 5, 2019**. The pricing in these documents will supersede pricing in all previous price documents.

Thank you for your business and continued support.

Sincerely,

Safford Hazen
Vice President, Sales
